Breathe Freely

Our carefully selected formula helps reduce nasal congestion, chest tightness, and respiratory discomfort. Juniperus communis supports natural detoxification and eases clogged sinuses, while Quebracho helps relieve wheezing and tightness. Naphthalinum calms sneezing, runny nose, and post-nasal drip, and Formalinum gently supports your body in responding to chemical sensitivities and environmental pollutants.

Soothe Allergy Symptoms

Histaminum targets general allergic reactions, helping reduce itchy eyes, watery nose, sneezing, and skin rashes. Rhus tox works on hives, itching, and rashes that flare with warmth or movement. Meanwhile, the Animal Hair Mix gradually reduces sensitivity to pet dander and fur, giving lasting relief for allergy sufferers exposed to cats, dogs, or other animals.

Support Your Overall Wellbeing

Beyond symptom relief, Coumarin and Gallic Acid provide vascular, anti-inflammatory, and antioxidant support, helping calm irritated mucous membranes and ease discomfort during allergy flare-ups. Together, these ingredients enhance your body's natural defenses, helping you feel balanced, comfortable, and energized—so you can enjoy your daily life without being held back by allergens.

With **Allercyl Airborn**, your body receives gentle, natural support that works with you, helping you breathe easier, feel freer, and enjoy every day without the burden of allergies.
