

BioTox Total Fungus

Comprehensive Energetic Support for Fungal Balance & Environmental Resilience

Biotox Total Fungus™ is an advanced bioenergetic formula designed to support the body's natural ability to maintain balance when challenged by fungal stressors, yeast overgrowth, mold exposure, and environmental burdens. This proprietary frequency blend incorporates multiple energetic signatures selected to support microbial harmony, detoxification pathways, immune resilience, and cellular recovery.

Rather than focusing on a single organism or exposure, Biotox Total Fungus™ utilizes a comprehensive approach intended to support both the body's internal terrain and its natural adaptive capacity.
