

EndoPure Pro Progesterone (Homeo)

EndoPure Pro Homeopathic Hormone Rejuvenation is a homeopathic formula that assists the body in balancing progesterone levels. It is designed to provide balance and rejuvenation without causing elevated levels of progesterone. This proprietary blend promotes hormonal communication, emotional stability, and physical well-being.

Supports balanced progesterone activity without hormone replacement

- **Progesteronium and Pituitarinum** help regulate progesterone signaling, supporting hormonal balance without elevating hormone levels beyond the body's natural needs.

Promotes hypothalamic-pituitary-ovarian (HPO) axis communication

- **Hypothalamus, Pituitarinum, and Ovarinum** support coordinated signaling between the brain and reproductive organs, helping optimize hormonal rhythm and feedback.

Supports emotional calm and mood stability

- **Sepia, Lilium Tigrinum, and Pulsatilla** help ease emotional fluctuations, irritability, and mood sensitivity commonly associated with progesterone imbalance.

Helps relieve hormonal tension and physical discomfort

- **Dioscorea Villosa and L-Arginine** support smooth muscle relaxation and circulation, helping reduce cramping, tension, and pelvic discomfort related to hormonal shifts.

Supports adrenal balance and stress-hormone interaction

- **Adrenal and Pineal** support help stabilize the stress response, reducing adrenal interference with progesterone and reproductive hormone pathways.

Encourages healthy circadian rhythm and hormonal timing

- **Pineal** support contributes to endocrine rhythm regulation, supporting sleep quality and proper hormonal cycling.

Supports liver and detoxification pathways related to hormone metabolism

- **Cheladonium** supports hepatic function involved in hormone processing and clearance, promoting healthier progesterone and estrogen balance.

Promotes endocrine adaptability during hormonal transitions

- **Sulphur and Pulsatilla** support systemic resilience, helping the endocrine system adapt to internal changes such as cycle shifts or transitional life stages.

Supports reproductive and pelvic balance

- **Ovarinum, Sepia, and Lilium Tigrinum** help maintain reproductive tissue balance and comfort during hormonal fluctuations.
