

EndoPure Testos-Female (Testosterone Homeo)

EndoPure is a targeted homeopathic formula designed to support healthy androgen and adrenal balance within the female endocrine system. This proprietary blend works across the hypothalamic-pituitary-adrenal-ovarian axis to promote hormonal communication, cellular vitality, and metabolic resilience.

Supports balanced female testosterone activity without hormone replacement

- **Testosterone** in homeopathic potency helps regulate androgen signaling in women, supporting energy, motivation, libido, and metabolic balance without elevating hormone levels beyond the body's natural needs.

Promotes hypothalamic-pituitary-adrenal-ovarian (HPAO) axis communication

- **Hypothalamus, Pituitary, and Adrenal** support coordinated hormonal signaling between the brain, adrenal glands, and ovaries, helping maintain endocrine rhythm and feedback balance.

Supports energy, drive, and physical vitality in women

- **Testosterone, Adrenal, and Cortisol** support help maintain healthy stamina, motivation, and resilience, particularly during periods of hormonal transition or stress.

Helps regulate stress hormones that interfere with female hormone balance

- **Cortisol and Adrenal** support help stabilize the stress response, reducing adrenal dominance that can disrupt androgen, estrogen, and progesterone balance.

Supports cellular repair and regenerative capacity

- **RNA and DNA** support cellular communication and renewal processes, promoting tissue resilience and overall endocrine vitality.

Promotes liver support and healthy hormone metabolism

- **Cheladonium** supports hepatic pathways involved in hormone processing and detoxification, contributing to balanced androgen and estrogen metabolism.

Supports reproductive and pelvic tissue balance

- **Sabal Serrulata** supports pelvic and urinary comfort, helping maintain balance in tissues influenced by androgens.

Supports immune and tissue regulation

- **Thuja** contributes to immune balance and tissue integrity, supporting overall systemic harmony.

Encourages endocrine adaptability during hormonal shifts

- The formula supports the endocrine system's ability to adapt during perimenopause, stress-related changes, or post-birth-control transitions.

Homeopathic Ingredients:

Testosterone 6C, RNA 6X, DNA 6X, Cortisol 6C, Pituitary 6C, Hypothalamus 6C, Adrenal 6C, Cheladonium 12C, Thuja 12C, Sabal Serrulata 6X.

Inactive Ingredients:

Demineralized Water, 25% Ethanol.

Indications

Conduct saliva testing to monitor hormone levels and adjust usage accordingly.

The formula follows homeopathic principles and can be used frequently for acute symptoms or as directed on the label for chronic conditions.

No caffeine can be consumed at any time while on this remedy. Please slowly wean off caffeine over a 3-week period before starting.

Recommended Dosage

For cycling women: Begin use on day 1 of your cycle; take 5 drops, 2 to 3 times per day under the tongue, 5 days on and 2 days off through day 24 of your cycle.

For menopausal women: Take 5 drops under the tongue, 2 to 3 times per day, Monday through Friday, weekends off.

Additional Information

The EndoPure Pro formulations have been registered with the FDA and have no known side effects. They are safe for everyone.

WARNINGS:

- Do not use if the tamper-evident seal is broken or missing.
- Keep out of reach of children.
- Do not use if pregnant or nursing unless directed by a healthcare professional.
- In case of overdose, contact a physician or a Poison Control Center right away.
