

Hormonal Breakouts Female

This advanced homeopathic and botanical formula is designed to support women with hormonal imbalances related to excess androgens. By targeting androgen activity, insulin resistance, and inflammatory pathways, it helps promote healthy cycles, clearer skin, and overall reproductive wellness. This comprehensive blend works synergistically to support the endocrine system, liver detoxification, and hormone metabolism, making it ideal for women dealing with irregular cycles, cystic ovaries, and other androgen-related concerns.

Supports healthy hormonal balance

- Ingredients like **DIM**, **Myo-Inositol**, and **N-Acetyl-Cysteine** help regulate androgen activity and estrogen metabolism, promoting normalized menstrual cycles.

Promotes clearer skin

- **Quercetin**, **DIM**, and **N-Acetyl-Cysteine** may help reduce acne, pimples, and breakouts related to hormonal fluctuations.

Reduces ovarian cyst formation and menstrual pain

- **Myo-Inositol**, **Vitex**, and **White Peony** support ovarian health and may help decrease cyst formation and severe menstrual pain.

Supports healthy hair growth patterns

- Helps reduce excess facial and body hair associated with androgen imbalance.

Assists blood sugar and insulin regulation

- **Berberine**, **Policosanol**, and **Myo-Inositol** support glucose metabolism, which is often disrupted in women with elevated androgens.

Supports liver detox and hormone metabolism

- **Milk Thistle**, **Dandelion Root**, and **Reishi Mushroom** promote liver health, aiding the body in metabolizing excess hormones efficiently.

Reduces inflammation and oxidative stress

- **Curcumin**, **Resveratrol**, and **Quercetin** provide antioxidant support, which may improve overall endocrine and skin health.

Supports long-term reproductive wellness

- A carefully curated combination of herbs and minerals works synergistically to promote balanced endocrine function and overall female wellness.
- Helps regulate menstrual cycles and ovarian function, creating conditions that may support natural fertility.

Reduces premenstrual symptoms (PMS)

- Helps ease bloating, cramping, irritability, and mood swings associated with hormonal fluctuations.

Promotes healthy weight management

- Supports insulin sensitivity and metabolic balance, which can help reduce weight gain linked to hormonal imbalance.

Supports hormonal clarity and mental wellness

- Helps reduce brain fog, irritability, and emotional swings associated with hormone fluctuations.

Encourages healthy skin texture and elasticity

- Antioxidants and anti-inflammatory compounds in the blend support clear, healthy skin beyond just acne control.
