

Liver Pro

Liver Pro is an organic herbal formula that works to support liver detoxification, reduce inflammation, promote bile production, and protect liver cells from toxins and oxidative stress. Use as a stand-alone product or as part of the Dr. Dale Detox Kit along with Kidney Pro, Colon Pro & Whole Body Immune Pro. All of the Dr. Dale supplement products are safety tested for metals and contaminants.

Dandelion Root

- Supports liver detoxification by increasing bile production and promoting overall liver function.
- Rich in antioxidants, it helps reduce inflammation and protects liver cells from oxidative stress.

Milk Thistle Seed

- Contains silymarin, a potent antioxidant that protects liver cells from toxins and supports liver regeneration.
- Stimulates liver cell repair and detoxification, improving liver function.

Atractylodes Rhizome

- Known for its digestive and liver-supportive properties.
- Stimulates the production of bile, aiding digestion and liver detoxification.

Bupleurum Root

- Known for its ability to promote liver Qi flow, improving liver function.
- Helps detoxify the liver by supporting the removal of toxins and balancing liver energy.

Burdock Root

- Acts as a powerful blood purifier and detoxifier, aiding in the elimination of waste and toxins.
- Supports liver health by promoting the flow of bile and enhancing overall liver function.

Chinese Barberry Root

- Supports liver health by stimulating bile production and enhancing the detoxification process.
- Has antimicrobial properties, which help cleanse the liver of harmful pathogens.

Hops

- Known for its anti-inflammatory properties, which can reduce liver inflammation.
- Supports liver detoxification by promoting healthy bile flow and acting as a mild sedative.

Chamomile

- Reduces liver inflammation and promotes liver detoxification.
- Contains antioxidants that help protect the liver from oxidative stress and damage.

Mint Leaf

- Supports digestion and bile production, which are crucial for liver detoxification.
- Contains antioxidants that help protect liver cells and support liver health.

Poria Cocos

- Helps in eliminating excess water and toxins from the body, supporting liver detoxification.
- Has anti-inflammatory properties that protect the liver from damage and enhance its function.

Cayenne Fruit

- Stimulates circulation, which can enhance liver detoxification.
- Supports bile production and the breakdown of fats, aiding in liver health.

Dong Quai Root

- Enhances liver detoxification by promoting blood circulation and reducing liver inflammation.
- Balances hormonal health, which can support the liver's metabolic functions.

Ginger Root

- Contains gingerols and antioxidants that promote liver health by reducing inflammation and supporting detoxification.
- Stimulates digestion and bile production, which supports liver function.

Peony Root

- Known for its ability to support liver Qi flow, promoting detoxification.
- Helps reduce liver congestion and inflammation, supporting overall liver function.

Tribulus Terrestris Fruit

- Promotes liver detoxification and regeneration by increasing bile production.
- Contains antioxidants that protect liver cells and support overall liver function.
