

# Nano Ionic Bone Strong Formula

Dr. Dale's Bone Formula is designed to provide essential bone nutrients, including silica, which plays a crucial role in forming the collagen matrix and managing calcium. While calcium is a vital component of bone, it only accounts for 20% of the bone structure. The combination of other minerals is necessary for normal growth and optimal bone health. This bone formula is formulated by Dr. Theresa Dale, utilizing a proprietary process that transforms pure mineral crystals into a fully hydrated, 100% bioavailable liquid ionic supplement.

## Supports Strong, Flexible Bone Structure

- **Silica and magnesium** help build the collagen matrix that gives bones strength and resilience—not brittleness.

## Enhances Calcium Utilization & Metabolism

- **Boron, silica, magnesium, and manganese** assist the body in properly absorbing, transporting, and depositing calcium where it belongs: into bones, not soft tissues.

## Promotes Healthy Collagen Formation

- **Silica** is essential for generating the collagen scaffold that becomes mineralized to form healthy bone.

## Designed for Optimal Bioavailability

- **Ionic minerals** absorb rapidly and efficiently, making this formula ideal for those with digestive issues or difficulty absorbing nutrients from tablets.

## Helps Maintain Healthy Bone Density

- **Zinc, copper, and manganese** support bone-building enzymes involved in mineralization and bone tissue repair.

## Supports Joint & Connective Tissue Health

- **Sulfur** contributes to the integrity of cartilage, ligaments, and connective tissue, complementing overall structural health.

## Promotes Balanced Mineral Synergy

- This formula provides the essential trace minerals needed for normal growth, remodeling, and bone maintenance.

## Supports long-term bone regeneration

- Trace minerals like **manganese, zinc, and copper** help fuel ongoing bone renewal processes, assisting the body in forming new bone tissue and maintaining strength over time.

## Supplement Facts

Serving Size : 1 ml or 25 drops

Serving per container: 60

|            | Amount per Serving | %DV* |
|------------|--------------------|------|
| Calcium    | 4.0mg              | <1%  |
| Magnesium  | 6.0mg              | 2%   |
| Zinc       | 135mcg             | 2%   |
| Manganese  | 45mcg              | 1%   |
| Copper     | 18mcg              | <1%  |
| Silica     | 66mg               | *    |
| Sulfur     | 8mg                | *    |
| Boron      | 5mg                | *    |
| Phosphorus | 4mg                | <1%  |

\*\*Daily Values (DV) not established.  
Percent daily values based on a 2000-calorie diet.

**Other Ingredients:** Purified water.

## Recommended Dosage

**Adults:** 1ml or 25 drops.

**Children:** 5 drops.

## Mixing Instructions

Mix with 8 to 10 ounces of juice or water.

## WARNINGS:

- Do not use if the tamper-evident seal is broken or missing.
- Keep this and all medication out of the reach of children.
- Do not use if pregnant or nursing unless directed by a physician or healthcare professional.
- Store in a cool, dry place.
