

Nano Ionic Iodine

Dr. Dale's Nano Ionic Iodine is a next-generation iodine supplement designed for superior cellular uptake and maximum bioavailability. As the first and strongest ionic iodine supplement available, it delivers iodine in a true ionic, water-soluble form—allowing angstrom-sized particles to be quickly absorbed and utilized by human cells.

Ultra-high absorption for maximum effectiveness

- The ionic, angstrom-sized iodine particles are designed for rapid entry into human cells, enhancing bioavailability compared to traditional iodine forms.

Supports hormonal balance and endocrine health

- Iodine is crucial for healthy reproductive hormones, adrenal function, and maintaining overall endocrine stability.
- Optimal iodine levels support hormone production, temperature regulation, and overall endocrine system health.

Supports healthy thyroid function

- Iodine is essential for the synthesis of thyroid hormones, helping maintain balanced energy, metabolism, and cognitive function.
- Iodine is essential for synthesizing T3 and T4, helping maintain balanced metabolism, consistent energy levels, and cognitive clarity.

Synergistic support for whole-body health

- Iodine acts as a catalyst for enzyme activity and nutrient metabolism, working in synergy with proteins, fats, and carbohydrates for optimal body function.

Promotes mental clarity and neurological wellness

- Proper iodine levels support brain development, cognitive function, memory, and mood regulation.

Enhances cellular function and detoxification

- Ionic iodine supports normal cellular activity and helps the body process environmental toxins, including halogens like bromine and fluoride.

Strengthens immune system activity

- Iodine plays a role in immune defense and supports the body's natural resistance against microbial imbalance.

Recommended Dosage

Adults: Take 20 drops daily in water.

Children: 5 drops daily in water.

WARNINGS:

- Do not use if the tamper-evident seal is broken or missing.
- Keep this and all medication out of the reach of children.
- Do not use if pregnant or nursing unless directed by a physician or healthcare professional.
- Store in a cool, dry place.
