

Neuro-Emotional Remedy #12

The Neuro-Emotional Remedy #12 Male Endocrine Meridian / Unresponsive is a targeted, organ-specific homeopathic formula developed by Theresa Dale, Ph.D., C.C.N., N.P., designed to help restore emotional responsiveness, vitality, and internal balance within the male endocrine system. Created to address patterns of disconnection, low responsiveness, and endocrine-related stagnation, this formula works at the neuro-emotional level to support the release of blocked emotions and promote a renewed sense of engagement, clarity, and well-being—physically, emotionally, and energetically.

Restores emotional responsiveness and internal engagement

- **Nux Moschata 1M** supports the release of emotional numbness, disconnection, and mental dullness.
- Helps reawaken emotional awareness and responsiveness often associated with endocrine imbalance and prolonged stress.

Reduces emotional shutdown and stress-driven reactivity

- **Belladonna 30C** helps regulate nervous system overstimulation that can lead to withdrawal or emotional “freezing.”
- Supports a more balanced emotional response and a greater sense of presence and control.
- **Builds emotional grounding and endocrine resilience**
- **Calcarea Carbonica 1M** supports stability, confidence, and endurance within the male endocrine system.
- Helps counter feelings of stagnation, insecurity, or lack of drive by reinforcing inner balance.

Improves emotional sensitivity and nervous system awareness

- **Phosphorus 1M** supports emotional openness and connection by easing nervous tension and reducing emotional detachment.
- Helps restore a healthy mind-body connection.

Releases suppressed emotions and internalized stress patterns

- **Natrum Muriaticum 200C** supports the processing of long-held emotional tension and unexpressed feelings, helping break patterns of emotional withdrawal and unresponsiveness.

Reduces mental pressure and fear-based disengagement

- **Argentum Nitricum 1M** helps calm internal pressure, anxiety, and mental overload that can lead to emotional shutdown, promoting clarity and emotional availability.

Supports adrenal balance and stress adaptability

- **Adrenalinum 6X** helps regulate the stress response, supporting balanced energy levels and reducing adrenal-driven fatigue that contributes to emotional and physical unresponsiveness.

Enhances hormonal communication and endocrine coordination

- **Adrenocorticotrophin – ACTH 6X** supports healthy signaling between the brain and endocrine glands, improving adaptability, emotional engagement, and overall neuro-endocrine balance.

Encourages thyroid-related metabolic and emotional balance

- **Iodum 3X** supports energy regulation, focus, and emotional stability, helping counter low drive, apathy, or sluggish responsiveness linked to endocrine imbalance.

Provides targeted organ-specific endocrine support

- **Thyroidinum 30C** addresses emotional and physical patterns associated with endocrine dysregulation, supporting clarity, vitality, and emotional presence.

Promotes gentle drainage and emotional release

- **Phytolacca 3X – Drainage** supports lymphatic flow and detoxification, helping prevent energetic congestion and ensuring a smooth, side-effect-free emotional rebalancing process.

Ingredients:

Nux Moschata (Nutmeg), 1M, Belladonna (Deadly Nightshade), 30C, Calcarea Carbonica (Carbonate of Lime), 1M, Phosphorus (Phosphorus), 1M, Natrum Muriaticum (Chloride of Sodium), 200C, Argentum Nitricum (Nitrate of Silver), 1M, Adrenalinum (Secretion of Suprarenal Glands), 6X, Adrenocorticotrophin (ACTH), 6X, Iodum (Iodine), 3X, Thyroidinum (Dried Thyroid Gland of the Sheep), 30C, Phytolacca (Poke-root), 3X Drainage
