

Rose Guard

Rose Guard™ is a targeted herbal and enzymatic formula designed to support a balanced intestinal environment and promote healthier skin from the inside out. Rooted in traditional herbalism and modern functional wellness, this blend helps reduce bacterial and fungal overgrowth in the small and large intestine—key triggers of facial redness, rash-like patches, and “rosy” complexion issues.

Through its multi-layered approach, Rose Guard™ supports digestive immunity, enhances microbial balance, and nourishes the gut-skin axis for visible improvements in skin clarity and tone.

Supports Healthy Yeast Balance

- **Caprylic Acid (from MCT Oil Powder)** helps break down yeast cell membranes, assisting in reducing Candida and other fungal overgrowth naturally.

Reinforces Digestive Barrier Function

- Slippery antimicrobial compounds in **Olive Leaf Extract** support mucosal integrity and help maintain a healthy gut lining, which may reduce skin flare-ups linked to intestinal permeability.

Promotes Healthy Microbial Diversity

- **Grapefruit Seed Extract** provides broad-spectrum antimicrobial activity that helps reduce harmful microbes without disturbing beneficial flora balance.

Encourages Healthy Bile Flow & Detoxification

- **Berberine HCL** supports liver and bile function, aiding the body's natural detox pathways that influence skin clarity and redness.

Nourishes Digestive Immunity

- **Pau D'Arco** contains lapachol and beta-lapachone—traditional compounds that support immune defense within the gut environment.

Helps Reduce Gas, Bloating & Fermentation

- **Betaine HCL** improves stomach acid levels, reducing fermentation in the small intestine that can worsen gut-related skin issues.

Supports Natural Pathogen Breakdown

- **Cellulase enzyme** specifically breaks down the cellulose in yeast cell walls, helping the body eliminate fungal organisms more efficiently.

Calms Gut-Driven Immune Reactions

- **Olive Leaf Extract and Pau D'Arco** help modulate immune responses in the intestines that can trigger red, rash-like patches on the face.

Assists in Combating Biofilms

- **Berberine, grapefruit seed extract, and olive leaf** work synergistically to reduce biofilm formation, which allows the gut to rebalance more effectively.

Helps Maintain Healthy Stomach pH

- **Betaine HCL** supports optimal acidity needed to prevent bacterial overgrowth in the upper GI tract, reducing triggers of inflammation-driven skin redness.

Supports Healthy Skin Oil Balance

- **Berberine and caprylic acid** may help regulate microbial triggers that disrupt sebum balance, contributing to a calmer, clearer complexion.

Ingredients:

- Pau D Arco - 100mg*
- Cellulase - 50,000 CU*
- MCT Oil Powder (Yielding 500mg of Caprylic Acid) - 850mg*
- Betaine HCL - 250mg*
- Berberine HCL - 200mg*
- Grapefruit Seed Extract—200 mg*
- Olive Leaf Extract - 100mg*
- *Daily value not established.

90 Caps

Other Ingredients: Capsule and Rice Bran Extract.

Recommended Dosage

- **Month One:** Take 3 capsules in the morning and evening on an empty stomach. *Reduce dose if stomach irritation occurs in the form of heartburn.
- **Month Two:** Reduce to 3 capsules once daily.
- **Maintenance:** 60-90 days on the product is acceptable.
- Please also follow an anti-fungal diet for best results.

Avoid:

- Sugar
- Vinegar
- Processed Carbohydrates
- Dairy

If you suffer from a rosy-red complexion on the face, please avoid:

- Coffee
- Alcohol
- Spicy Foods
- Sugar
- Nightshades

WARNINGS:

- Do not use if the tamper-evident seal is broken or missing.
- Keep this and all medication out of the reach of children.
- Do not use if pregnant or nursing unless directed by a physician or healthcare professional.
- Store in a cool, dry place.
