

Thyro T3 Rescue

Dr. Dale's Thyro T3 Rescue is a homeopathic remedy designed to balance the dysfunction of the thyroid axis feedback loop. It is administered orally and formulated with a proprietary blend of homeopathic ingredients. This remedy aims to support thyroid function and address symptoms associated with thyroid metabolism, goiter, immune system TPO, inflammation of the thyroid, and obesity.

Supports healthy thyroid function and T3 hormone activity

- **Thyroidinum, Thyrodothyronine (T3), and Thyroxine (T4)** work synergistically to support thyroid signaling and hormone availability, helping optimize metabolic regulation and thyroid responsiveness.

Promotes efficient T4 to T3 conversion

- **Selenium, Liver, and Kidney** support enzymatic activity and detoxification pathways involved in hormone conversion, helping the body more efficiently produce active T3 at the cellular level.

Enhances metabolic rate and energy production

- **Adenosine Triphosphate (ATP), Thyroidinum, and Iodum** support cellular energy generation and metabolic output, helping combat fatigue, low energy, and metabolic slowdown.

Supports hypothalamic-pituitary-thyroid (HPT) axis balance

- **Hypothalamus, Pituitary, Parathyroid, and Thymus** help regulate endocrine communication, supporting proper signaling between the brain and thyroid for more balanced hormonal feedback.

Addresses thyroid-related inflammation and sensitivity

- **Belladonna, Spongia, and Fucus Vesiculosus** support glandular comfort and thyroid tissue balance, helping soothe overstimulation, sensitivity, or inflammatory stress within the thyroid.

Supports immune and glandular resilience

- **Thymus and Parathyroid** contribute to immune-endocrine coordination, helping maintain thyroid stability in the presence of immune or systemic stressors.

Promotes detoxification and metabolic clearance

- **Liver and Kidney** support elimination pathways, helping clear metabolic byproducts and hormone metabolites that may interfere with optimal thyroid performance.

Supports mental clarity and cognitive focus associated with thyroid balance

- **Thyrodothyronine (T3), Thyroxine (T4), and Hypothalamus** help support neurological signaling influenced by thyroid hormones, promoting clearer thinking, improved focus, and reduced brain fog commonly linked to thyroid imbalance.

Helps stabilize mood and emotional resilience linked to endocrine health

- **Pituitary, Parathyroid, and Thymus** support balanced endocrine communication, helping regulate mood fluctuations, stress responsiveness, and emotional stability often affected by thyroid dysfunction.

Active ingredients:

Thymus: 8X, Hypothalamus: 8X, Pituitary: 8X, Liver: 8X, Kidney: 8X, Thyroidinum: 8X, Selenium: 8X, Belladonna: 4X, Fucus Vesiculosus: 3X, Spongia: 3X, Iodum: 3X, Adenosine Triphosphate (ATP): 6X, Thyrodothyronine: 3LM, Thyroxine: 3LM, Parathyroid: 8X.

Inactive Ingredients:

Demineralized water and 25% ethanol.

Indications:

Thyro T3 Rescue is indicated for individuals experiencing symptoms related to thyroid metabolism, goiter, immune system TPO, inflammation of the thyroid, and obesity. It is formulated to support the balance and functioning of the thyroid.

Recommended Dosage

Chronic use: Take 5 drops orally, 2 times daily in the morning and early afternoon on an empty stomach.

Acute use: Take 5 drops orally, 3 or 4 times daily.

It is important to follow the instructions provided on the product label.

Individual responses may vary, and it is recommended to consult with a healthcare professional for personalized advice and guidance.

WARNINGS:

- Do not use if the tamper-evident seal is broken or missing.
- Keep out of reach of children.
- Do not use if pregnant or nursing unless directed by a healthcare professional.
- In case of overdose, contact a physician or a Poison Control Center right away.
