

Whole Body & Immune Pro

The Whole Body & Immune Pro Formula, is designed for those embarking on a journey to detoxify their body while strengthening the immune system. This organic and wildcrafted formula ensures a gentle, natural method for detoxification without severe side effects. It's suitable for anyone looking to conduct a cleanse, whether for one, two, or three months, and it's especially recommended for those with chronic illnesses as part of the Whole Body Slow Cleanse.

This product supports the cleansing of the blood and the bolstering of the immune system simultaneously.

Hepatic Biotransformation & Detoxification

- Burdock, Bupleurum, Dandelion, and Milk Thistle synergistically activate phase I and II enzymatic pathways, optimizing both conjugation and elimination of xenobiotics. These botanicals enhance bile secretion, stimulate hepatocyte regeneration, and protect against toxin-induced cellular injury. By supporting hepatic clearance, they contribute to improved skin clarity, balanced lipid metabolism, hormonal regulation, and overall detoxification efficiency.

Digestive Optimization & Gastrointestinal Integrity

- Slippery Elm, Aloe Vera, and Peppermint deliver mucilaginous polysaccharides and soothing essential oils that maintain mucosal hydration, buffer gastric acidity, and protect epithelial linings from irritation. Fenugreek, Ginger, and Cayenne stimulate enzymatic secretions, enhance gastric motility, and improve microcirculation within the gut wall, facilitating nutrient absorption and waste elimination. Collectively, these actions promote smoother digestion, reduce bloating, alleviate occasional indigestion, and support long-term gastrointestinal integrity.

Antioxidant & Cellular Resilience

- Chaga, Reishi, and Turmeric provide a rich spectrum of triterpenes, curcuminoids, beta-glucans, and polysaccharides with strong free radical-scavenging activity. These compounds might reduce oxidative damage to DNA, proteins, and lipids, stabilize cellular membranes, and preserve mitochondrial energy output. Enhanced antioxidant defense contributes to healthy aging, improved skin vitality, cognitive protection, and cardiovascular resilience.

Immune System Modulation & Adaptive Defense

- Astragalus, Echinacea, and Sarsaparilla deliver polysaccharides, alkaloids, and phytosterols that fine-tune immune signaling, enhancing adaptive capacity while preventing overactivation. Irish Moss and Pau D'Arco reinforce mucosal immunity and microbial balance, supporting the gut-immune axis. Together, these botanicals strengthen frontline defenses against pathogens, shorten recovery times, and support long-term immune resilience.

Inflammatory Balance & Comfort Regulation

- Yarrow, Turmeric, and Ginger influence eicosanoid metabolism and cytokine cascades, fostering a balanced inflammatory response. Their modulatory effects help maintain systemic comfort across musculoskeletal, gastrointestinal, and vascular systems. Long-term use may support joint mobility, gut comfort, cardiovascular elasticity, and recovery from exercise-induced stress.

Metabolic & Skin Equilibrium

- Chickweed, Barberry, and Golden Seal influence pathways linked to lipid and carbohydrate metabolism, supporting systemic energy balance.
- Their detox-associated actions also contribute to skin vitality and clarity.

Whole-Body Synergy & Vital Energy

- The integration of roots, barks, herbs, and functional mushrooms establishes a multidimensional matrix of adaptogenic, tonic, and regulatory functions.
- This results in optimized nutrient assimilation, cellular protection, systemic balance, and long-term vitality.

Circulatory Dynamics & Energy Flow

- Prickly Ash Bark, Cayenne, and Yarrow provide vasodilatory alkaloids, capsaicinoids, and flavonoids that promote peripheral microcirculation and thermogenesis. By enhancing oxygen and nutrient delivery to tissues, they sustain stamina, promote metabolic efficiency, and aid post-exertion recovery. Improved vascular tone also supports cardiovascular wellness, cognitive sharpness, and overall vitality.

Supplement Facts

Serving Size : 3 capsules

Serving per container: 40

Amount per Serving

Proprietary Blend 2185 mugs

A proprietary blend which includes the following:

Burdock Root (Organic), Bupleurum Root (Organic), Barberry Root (Organic), Chaga Mushroom (Organic), Slippery Elm Bark (Organic), Aloe Vera Leaf (Organic), Echinacea Purpurea Root (Organic), Astragalus Root (Organic), Pau D'Arco Bark (Organic), Reishi Mushroom (Organic), Turmeric Root (Curcuma Longa) (Organic), Cayenne Fruit (Organic), Yarrow Flower (Organic), Peppermint Leaf (Organic), Chickweed Herb (Organic), Sarsaparilla Root (Wild Harvested), Fenugreek Powder (Organic), Ginger Root (Organic), Irish Moss (Organic), Milk Thistle Seed (Organic), Golden Seal Leaf (Organic), Dandelion Root (Organic), Prickly Ash Bark (Wild Harvested), Chaga.

*Daily value not established.

Other Ingredients: Stabilized Rice Bran, Vegetarian Capsule.

Suggested Use

- 3 capsules daily or as otherwise directed.

Hypoallergens:

Non-GMO, No Binders, No Toxic Flow Agents, Gluten Free, No Preservatives, No Coloring, No Flavoring, Veggie Caps.

WARNINGS:

Keep this and all medicines out of the reach of children. In case of accidental overdose, contact physician or Poison Control Center. As with any drug, if you are pregnant or nursing a baby seek advice of a health professional before using this product. Do not use if seal is broken or missing.
